10<sup>th</sup> July 2018

Dear Parents,

### **Building Work**

Thank you for bearing with us now the building work is under way. It will be worth it but I do appreciate there is an impact on us all while it is going on.

Health and safety remains my main concern so I would like to stress the importance of arriving and leaving school promptly at the beginning and end of the day so that gates can be unlocked and locked in a timely manner.

Whilst I appreciate the end of term is approaching and everyone is tired can I also ask that you make every effort to deliver children with everything they need for the day to avoid additional trips to school with forgotten items.

### **Additional Inset Day**

A great deal of building work is due to take place over the summer break which means I am not entirely sure what staff will be coming back to at the beginning of September.

I have discussed the position with the Governors who have agreed that school will be closed for an additional Inset Day on Tuesday 4<sup>th</sup> September to allow staff to ensure classrooms are organised and ready for the children's return to school. This will now be on **Wednesday 5<sup>th</sup> September**.

Thank you for your support.  
Kind regards

**Mrs Gill Price  
Headteacher**
