4th February 2020

Dear Parents,

As you will be aware, Australia is being ravaged by the worst wildfires seen in decades. The bushfires continue to spread causing complete devastation. To date, 18 million hectares of land have been destroyed and 1.25 billion animals killed.

Last week, Jack Baty (from Class 1) approached school as he is very keen to raise money to support Friends of the Earth Australia. Jack is proud of his farming heritage and thought it would be brilliant for The Weaver to support Australian Farmers.

Our School Council held a meeting to discuss ideas. We have decided that on 14th February, a special Australia Day will be held at Weaver. Each class will do curriculum work linked to Australia. To raise money, children can come to school dressed in an Australian outfit (jeans or shorts, a T-shirt and a hat) and to bring a monetary donation to school. They could dress in the Australian colours – blue, red and white for the flag or yellow and green for their sports colours. All money collected will be sent to the charity. In addition, each class will have a map of Australia split in to 30 squares using co-ordinates. Each child will place their donation on to a square. One co-ordinate will be chosen at random and whoever has that square will win a small prize.

Please support the Australian Farmers by participating in Weaver's Australia Day and donating as much small change as you can.

Thank you in anticipation.

The School Council
